For: State and County Offices

Supervised Bank Accounts (SBA's)

Approved by: Deputy Administrator, Farm Loan Programs

1 Overview

A

Background

The Civil Rights Action Team recommended an independent review body be appointed to conduct a review of County Offices to determine whether nepotism, conflict of interest, and/or discrimination in program delivery exists.

A National Independent Review Committee was established to conduct this review. One of their concerns was that SBA's were being used for minority borrowers without justification.

SBA's are a useful tool in providing borrowers with assistance in their financial management affairs when it is determined special supervision is necessary.
